

Crate Stacking Rules

1. Agreement to having read and understood these rules must be signed for by the camp leader before commencement of the activity, whom will be responsible for the duration of the activity booking.
2. Only persons who hold a minimum of a supervising climbing M form may lead this activity.
3. The activity must be run to P.O.R. of the Scout Association.
4. The activity shall be run to the minimum standard and rules set down by the Scout Association for climbing.
5. The activity leader must ensure that adequate first aid cover is available at the activity.
6. Damaged crates should not be used.
7. The activity leader must check all equipment prior and after it is used. This check shall be recorded in the campsite equipment log. Only equipment in good condition shall be used. This includes a visual inspection from the ground of the slings and shackles in the tree.
8. The activity area must be inspected by the instructor before use. Any hazards such as broken tree branches and debris on the ground must be removed before the activity can commence.
9. The activity danger zone must be roped off using the rope provided around the set concrete posts.
10. The two designated anchor points at the tree stump must be used to secure the safety ropes and to belay from.
11. The Dynamic rope will be pulled through the shackles. The rope should be secured back to the tree both during and after the activity has finished.
12. If the rope is accidentally pulled from the shackles so that the dynamic rope can no longer be pulled into place, please contact Mandy Carney or Steve Farmer ASAP.
13. Only full body harnesses or a waist climbing harness along with a chest harness may be used on this activity.
14. Helmets must be worn by the climber, helper and anyone who is inside the danger zone during the activity.
